      3. Halloween Costumes Update:
        - a. We think a reasonable approach would be to say that hats and masks have to be removed when entering the school so that our staff can know who is in the buildings. We would allow masks that cover the entire face if the student is entered into some type of costume competition or activities. We would not allow Halloween masks that cover the entire face for students who are moving in the hallways. Fake weapons or accessories such as guns, swords, knives, ammunition belts, etc would not be permitted.
